

Network Explanation Sheet

Delta Dental of Oklahoma

Delta Dental PPO – Delta Dental’s Preferred Provider Organization (PPO) Network. Participating dentists receive direct payment from Delta Dental plans nationwide. Services covered and the amount actually paid to you for treating a Delta Dental PPO covered patient is dependent upon the benefit level purchased by the employer. PPO network participation does not affect Premier participation. Some of our Delta Dental PPO clients (with employees residing in Oklahoma) include State of Oklahoma Employees, Bank of Oklahoma, Love’s Travel Stops & Country Sores, ONEOK, OG+E and Oklahoma State University.

Delta Dental Premier – Delta Dental’s traditional fee-for-service network. Participating dentists receive direct payment from Delta Dental plans nationwide.

Employer groups may negotiate different percentages, benefit class, deductibles and yearly maximums. Refer to PEARL or Benefax for your patient, limitations, deductible, waiting periods and yearly/lifetime maximum information. NOTE: If you are participating in the Delta Dental Premier network only, you may treat a Delta Dental PPO, PPO – Plus Premier and PPO – Point of Service patient, but the patient could have higher deductibles and/or out-of-pocket expenses by not accessing a participating Delta Dental PPO network doctor. Payment will be issued to doctor’s office.
